Job Description

Job Title	Warranty Service and testing Technician
Department	Warranty
Reporting Manager	Warranty and Testing Engineer
Company	Dunham-Bush USA LLC
Location	Homestead FL
Date Updated	September, 2021

General Summary:

Perform new unit production testing and quality assurance standard inspections. This role is designed to support and assist the current team in making sure all units manufactured in the factory are built to a predetermined standard and that all units pass an operational functionality test. Position requires knowledge of commercial HVAC included but not limited to air-cooled and water-cooled chillers. Onsite and some offsite training will be provided to strengthen the knowledge of the candidate.

Position Requirements:

- 5-8 years of field commercial HVAC experience
- Understanding of the refrigeration cycle and all of its components including chillers & rooftops units' operation and start up.
- Ability to execute, follow and check outlined production steps and procedures
- Communicate concerns clearly within the organization and external parties.
- Intermediate computer use, not limited to Microsoft Word, Microsoft Excel and outlook
- Ability to lift 50lbs
- Ability to work independently with minimum supervision.
- Ability to work in varying temperatures atmosphere
- Experience with 3 phase 460 volts
- Ability to troubleshoot refrigeration, electrical and interpret wiring diagrams at a fast pace
- Willingness to learn
